For More Health Information

Figuring out how to be healthy shouldn't be so hard. The MaineHealth Learning Resource Center offers different ways to get the health information you need:

- Visit the MaineHealth Learning Resource Center website at <http://www.mainehealthlearningcenter.org> to get reliable information on healthy living, common health concerns and being a prepared patient.
- Send a message or chat online with a health educator <http://www.mainehealthlearningcenter.org/ask-a-health-educator/>, or call at 1-866-609-5183. For your privacy, our Health Educators do not have access to your medical record. Please contact your Primary Care Provider for specific questions about your health or appointments.
- Take one of our classes on topics like healthy living, parenting and child development, managing specific conditions like cancer or diabetes, and much more. Many classes are free or low cost, and financial help is available. Call 1-866-609-5183 or visit us online at <https://lrcclasses.coursestorm.com/> to register.
